

The responsibilities of Parents / Guardians

- Each parent / guardian must sign a consent form before their child can start using the Walking Bus service.
- In the morning it is the parent's / guardian's responsibility to ensure their child joins the Walking Bus on time. The Walking Bus leaders will not be expected to wait for a late pupil. If a pupil misses the service, it will be the responsibility of the parent / guardian to ensure that their child reaches the school before registration starts.
- Parents / guardians are expected to collect or meet their children from their designated bus 'stops' at the end of the day:

Collection and drop off can only be made at one of the three designated points:

- The junction of Moat lane and Lode lane
- The junction of Wharf Lane and Moat Lane / Cornyx Lane
- The Grassy area / path on Wharf Lane

There will be no on route drop off / collections.

- By signing the consent form, parents are undertaking a commitment to using the service on every occasion they've requested unless their child is absent from school on that particular day. If a slot is not used on two consecutive weeks the position will be reviewed and can be withdrawn with immediate effect.
- Children's behaviour must reflect the same high standards that Greswold would ordinarily expect while at school itself. Persistent misbehaviour, where it compromises the safety of themselves or other children using the bus, will be reported to the parent / guardian and may result in the child being disallowed from using the scheme.

****Please note that due to the high volume of demand for this service, priority will be given to those that live further away from school along the route. If you live within the distance between the first 'bus stop' at the corner of Lode Lane and Moat Lane, we feel you might be able to accompany your children to school without adding to traffic congestion. ****
