

In September, I will be moving to Maples class. I will be in Year 6.

My New Teacher is called Mr Hobday

A message from Mr Hobday

Hello everyone! I have been a Year 6 teacher for several years, so I know all about what we do. We have lots of fun in Year 6 but give you lots of challenges too!
Have a super summer and see you in September.

These people will also be helping us

Learning in Year 6

There is lots of learning to look forward to in Year 6.

You might look forward to learning about WW1 and WW2, finding out how and why the wars started, investigating what life was like in Britain at the time and examining the effects of evacuation. In Art, we begin by looking at self-portraits, moving on to graphic design where you will be able to design your own logo! For the budding scientists, we spend some time investigating inheritance and evolution and we have a fascinating unit on the heart and lungs.

What will be different about being in Year 6?

In Year 6, you are the oldest children in the school so we expect you to act as role models.

- *As the oldest children in the school, younger children will be looking up to you so you need to show them how we can sensibly move around school.*
- *There will be jobs that some Yr6 children get to do eg. milk, post, assembly monitors, play leaders and we will be nominating house captains to take on responsibilities around school.*
- *You know our values inside out; we expect these to radiate from you!*
- *You will need to demonstrate leadership skills and teamwork in all that you do, as you grow up and become more responsible.*

Things my new teacher needs to know about me

(You might want to write, draw or stick photographs here to tell your new teacher about your family, what you like, things you like to do, who your friends are, things you are good at, things you find difficult or things you are worried about. This will help your teacher know the best way to help you! You can add extra pages if you want to)
